Services

01 **IT Manpower Outsourcing**

Screened IT professionals add capacity to your team, without the recruiting load or permanent headcount cost.

02 **On-site Support**

Engineers come to your site when a system fails, and fix it there to cut downtime.

03 **Hardware Maintenance & Preventive Care**

Engineers inspect and service your hardware on a schedule, catching faults before they cause downtime and extending its working life.

04 **Parts Sourcing & Replacement**

We source the right part for your model and fit it on-site, even for end-of-life hardware.

Industries

Banks, Insurers, Hospitals, Enterprises
